Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Take immediate free.

Sold by Druggists. Price 50c per bottle. Take Hall's Family Pills for constipation.

GOOD NEWS.

Many Snyder Readers Have Heard It Profited Thereby.

"Good news travels fast," and the many bad back suffers in Snyder are glad to learn where relief may be found. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Martin Wood, stone mason, Snyder says: "About eight years ago I used Doan's Kidney Pills for lame back in my back and irregular actions of my kidneys and they proved perfectly satisfactory. I think Doan's Kidney Pills are the best of kidney medicines and advise anyone to get a box at the Thompson Drug Co. if troubled in that way."

Price 40c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wood had. Foster-Milburn Co., Props., Buffalo, N. Y.

SAM HULL FOR

TAX ASSESSOR.

To my friends and neighbors and all other voters of Scurry county, with whom I may not be personally acquainted, I take this method of informing you that I am a candidate for Tax Assessor of Scurry County, and will be until the last vote is counted on the day of the election.

I wish to introduce myself in a brief way as a man of forty-three years of age, having been born on a farm in Logan county, Ark., where as boy and man I was a farmer until I came to Texas twelve years ago, at which time I located in Snyder, since coming to Snyder have followed the trade of carpenter and contractor.

My announcement coming as late as it does, may find a few of my friends pledged to the support of one of the other candidates, who made the pledge before knowing of my purpose to enter the race, and I ask the vote of so many regardless of how good a friend of mine he may be who has unconditionally pledged his vote to another.

With the short time yet remaining until the day of the election it may be that I will be unable to see each voter in the county, and so I depend upon my friends in all parts of the county to work for me. And in the event that I do fail to see you do not hold it against me for I am spending my time in seeing all the voters that I can.

From the assurances given me by my friends and the friends of my friends I feel certain of election, and to the many who have assisted me and are still assisting me I take this occasion and opportunity of thanking you, and to assure you that my election depends entirely upon your efforts.

To the men who are unacquainted with me, I ask that you advise with the men who have known me the longest. As the Tax Assessor of Scurry County, I promise to treat each citizen with equal fairness and politeness.

Remember Sam Hull on the 22nd day of July and every day from now until then, and he will remember you every day thereafter.

Yours very truly,

SAM HULL.

JUDGE SMITH CLEARS MAIL ROUTE MATTER

The following correspondence re-

lative to the Dunn-Ira-Snyder mail route in Scurry county is submitted to show Judge Smith's attitude in the matter:

House of Representatives,
Washington, D. C., June 5, 1916.
Mr. M. E. Rosser,
Snyder, Texas.

Dear Friend:

Your letter of the 24th ultimo was duly received. I supposed that the old story about my interference in the Ira mail route matter had died out. I know of nothing more unjust for I had absolutely nothing to do with it. Immediately upon receipt of your letter I called at the Post office department and asked them to write me a letter giving the reasons why the department changed its mind about establishing the service between Snyder and Ira and stating whether or not I had anything to do with it and I received in reply the letter which I herewith enclose.

Your friend,

W. H. SMITH.

Post Office Department June 1-16 Hon. W. H. Smith,

House of Representatives.

My dear Mr. Smith:

With reference to your personal

call at the Department today, when you made inquiry concerning the proposition to establish service on a route from Ira by Knapp, to Durham, and another from Ira to Snyder, returning by Dunn to Ira, Texas, I beg to inform you that this matter was carefully considered in March, 1914, and advertisements were issued inviting proposals for carrying the mails on the routes mentioned.

The lowest bids received in response to the advertisements were defective and as protests of Dunn patrons were submitted and the changes proposed would involve an increase in cost of operation over the existing service of about \$1000 per annum, it was decided to make no award of contract but to continue the service as then and now arranged. This conclusion was based on the facts as above stated and not because of any recommendation made by you. The files relating to the case show that no recommendation whatever was made by you in the matter.

Sincerely yours,

J. K. PICKETT.

Acting Fourth Assistant Postmaster General.

FOR SALE—Legal blanks of all kinds at the Signal office. 25tf

Nobody would ever hamper a horse like this— But many horse owners are unwittingly handicapping their animals and robbing themselves of handling value by making poor "Dobbin" strain, with stiff, dry-running gear. Not all, for thousands of horse owners are using

TEXACO AXLE GREASE

Try it, and you will agree with them that a few ounces of TEXACO AXLE GREASE will save pounds of horse flesh. It stays where it is put.

TEXACO AXLE GREASE will not stiffen. It eases the running gear and keeps it easy. Throw out that drag of useless grease. TEXACO AXLE GREASE will do it for you.

Another TEXACO PRODUCT which you can use with profit is

TEXACO HARNESS OIL

It lengthens the life and improves the appearance of the harness. It preserves the natural oils of the leather, prevents cracking and deterioration by sweat, moisture and rain.

Buy them from the TEXACO AGENT in your town. He will be glad to sell you the right oil for any purpose. There is a TEXACO OIL for every purpose.
